IS THIS COURSE FOR YOU?

DIPLOMA OF BUILDING AND CONSTRUCTION (BUILDING)

CPC50210 Diploma of Building and Construction (Building) will cover the major aspects of building and construction. You will learn to run a small to medium construction business and take overall responsibility for completing the construction of a building. You will also learn the skills required to understand the processes involved in selecting, overseeing and managing contractors, as well as how to successfully liaise with clients.

Enrolment checklist

- You are over 18 years of age
- You currently work in building and construction and have done so for at least 5 years
- You have already achieved Certificate IV (in Building and Construction or any other field)
- You are competent in written and spoken English (language, literacy and numeracy will be assessed as part of the enrolment process)
- You are able to attend the scheduled classroom training sessions as per the timetable
- You will have access to a computer and the internet for the duration of the course

REAL BENEFITS

- Choose your career path
- Gain accredited qualifications and industry knowledge
- Learn new skills and have your existing skills recognised
- Meet new people and make potential business contacts
- Gain confidence and become more employable
